n response to an invitation issued by R. H. Strickland secretary pro tem, of the Canadian association, fifty Canadians gathered in the parlor of the Kenyon hotel last evening and perfected arrangements for the organization of an association to be composed of Canadians living in this state. The meeting was called to order shortly after 8 o'clock by Acting Chairman H. G. Tyrreli, R. H. Strickland officiating as temporary secretary. A committee on constitution was elected at the meeting last Sunday, composed of H. G. Tyrreli, F. E. Scott, R. H. Strickland, B. H. Andrew and J. H. Breckon, reported, stating that the association was being formed for the social, moral and physical improvement of the Canadian-born residents of Utah in bringing them with a meeting place where they could gather on a social plane, and where Canadian publications could be kept on file for their perusal. Another equally important object of the organization will be the advancing of Utah interests. This will be effected in arrangements for the organization of an could be kept on file for their perusal. Another equally-important object of the organization will be the advancing of utah interests. This will be effected in the correspondence carried on between the Canadian residents of this state and their friends across the line.

The chairman called for remarks from the members, and a general discussion followed, in which each member present announced his willingness to do all in his power to make the association a success. W. S. McCornick suggested that the association be incorporated and thus be put on a substantial basis. He gave numerous instances where similar clubs and associations had eventually broken up through the lack of thorough organization, and through debts contracted by the officers for which the members were liable. This suggestion created favorable comment and was finally adopted. The association will be incorporated under the laws of Utah governing such cases. The capital stock of the association was placed at 509 shares of a par value of \$5 each. One share only will be sold to each member, the certificate of stock to be his certificate of membership. This will limit the membership to 500 although, if desired, this limit can be raised to any number.

Covering Entire Body. Shed Dustpanful Scales Nightly. Skin Cracked Open. Suffering Dreadful. Doctors Fail. Prayed for Death. Sister says, "Won't give up. Try Cuti-cura." Eureka! Instant Relief. In 6 Weeks Completely

CURED BY CUTICURA

obstinate skiu disease, called by some M. D's. Psoriasis, and others Leprosy, commence-ing on my scalp; and in spite of all I could do, with the help of the most skilful doctors, it, slowly but surely extended until a year ago this winter it covered my entire person in the form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be nearly a dustpanful of scale there would be nearly a dustpanful of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter part of winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit and was so low I thought I should have to go to the heapital but figulic. should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister fiving. One Dr. ——treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs; feet badly swollen; toe-nails came off dead, dry, and lifeless as old straw. O my God! how I did suffer.

My sister, Mrs. E. H. Davis, had a small part of a box of Cuticura in the house. She wouldn't give up; said, "We will try Cuti-cura." Some was applied on one hand and arm. Eureka! there was relief; stopped the terrible burning sensation from the word go.
They immediately got Cuticura Resolvent,
Ointment, and Soap. I commenced by taking
one tablespoonful of Cuticura Resolvent three times a day after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura Oirtment morn ing and evening. Result: returned to my home in just six weeks from the ime I left, and my skin as smooth as this sheet of paper.

and my skin as smooth as this sheet of paper.

(signed) HIRAM E. CARPENTER.

Henderson, Jefferson Co., N. Y.

We hereby certify that we are acquainted with the aforesaid Hiram E. Carpenter, and know his condition to have been as stated. We believe his statement to be true in every particular. (signed) L. B. Simmons & Son, Merchants; G. A. Thompson, Merchant; A. A. Davis; Millard E. Joiner, Merchant; John Carpenter; A. M. Leffingwell, Attorney and Counselor at-Law, all of Henderson, N. Y.

The above testimonial was written January 19, 1880. Under date of March 20, 1905. Mr. Carpenter writes to say that he has never suffered from psoriasis since he was cured by the Cuticura Remedies, twenty-five years ago.

Will Suffer All the More.

You cannot treat your stomach as some men treat a balky horse; force, drive or even starve it into doing work at which it rebeis. The stomach is a patient and faithful servant and will stand much abuse and ill-treatment before it "balks," but when it does, you had better go slow with it and not attempt to make it work. Some people have the mistaken idea that they can make their stomachs work by starving themselves. They might cure the stomach that way, but it would take so long that they would have no use for a stomach when they got through. The sensible way out of the difficulty is to let the stomach rest if it wants to and employ a substitute to do its work.

Stuart's Dyspepsia Tablets will do the work of your stomach for you and digest your food just as your stomach used to when it was well. You can prove this by putting your food in a glass jar with one of the tablets and sufficient water and you will see the food digested in just the same time as the digestive fluids of the stomach would do it. That will satisfy your mind. Now, to satisfy both your mind and body, take one of Stuart's Dyspepsia Tablets after eating—eat all and what you want—and you will feel in your mind that your food is being digested be-ause you will feel in odisturbance or weight in your stomach, in fact, you will forget all about having a stomach, just as you did when you were a healthy boy or girl.

Stuart's Dyspepsia Tablets act in a natural way because they contain only the natural elements of the gastric juices and other digestive fluids of the stomach. It makes no difference what condition the stomach is in; they go right ahead of their own accord and do their work. They know their business, and surrounding conditions do not influence them in the least. They thus relieve the weak stomach of all its burdens and give it its much-needed rest and permit it to become strong and healthy.
